

COMPLY OR EXPLAIN LIST
IN RESPECT OF THE
DUTCH CORPORATE GOVERNANCE CODE

ALTICE N.V.

1 APRIL 2016

The Dutch Corporate Governance Code (the "**Code**") sets out best practice governance principles that Dutch listed companies should comply with. These principles are based on a company with a two-tier board structure, whereby a supervisory board supervises the management board. The one-tier board structure, with non-executive directors who supervise the executive directors, is only explicitly mentioned in best practice principle III.8. In 2012 the Corporate Governance Code Monitoring Committee (the "**Committee**") provided guidelines in how to interpret the other best practice principles on a company with a one-tier board structure. The Committee advised that in principle all provisions for the supervisory board *mutatis mutandis* apply to non-executive directors and that all provisions for the management board *mutatis mutandis* apply to executive directors and in some instances also apply to the non-executive directors. Where applicable and relevant, the advice of the Committee on how to interpret the best practice principle is mentioned in a footnote.

I	<u>Compliance with and enforcement of the code</u>			
Principle	<p>The management board and the supervisory board are responsible for the corporate governance structure of the company and for compliance with this code. They are accountable for this to the general meeting and should provide sound reasons for any non-application of the provisions.</p> <p>Shareholders take careful note and make a thorough assessment of the reasons given by the company for any non-application of the best practice provisions of this code. They should avoid adopting a ‘box-ticking approach’ when assessing the corporate governance structure of the company and should be prepared to engage in a dialogue if they do not accept the company’s explanation. There should be a basic recognition that corporate governance must be tailored to the company-specific situation and that nonapplication of individual provisions by a company may be justified.</p>	<input checked="" type="checkbox"/>		Board Rules: 2.7
I.1	The broad outline of the corporate governance structure of the company shall be explained in a separate chapter of the annual report, partly by reference to the principles mentioned in this code. In this chapter the company shall indicate expressly to what extent it applies the best practice provisions in this code and, if it does not do so, why and to what extent it does not apply to them.	<input checked="" type="checkbox"/>		Management Report: chapter 3
I.2	Each substantial change in the corporate governance structure of the company and in the compliance of the company with this code shall be submitted to the general meeting for discussion under a separate agenda item.	<input checked="" type="checkbox"/>		Board Rules: 14.5 (a) Schedule 9 to the Board Rules
II	<u>The management board</u>			
II.1	Role and procedure			
Principle	<p>The role of the management board is to manage the company, which means, among other things, that it is responsible for achieving the company’s aims, the strategy and associated risk profile, the development of results and corporate social responsibility issues that are relevant to the enterprise. The management board is accountable for this to the supervisory board and to the general meeting. In discharging its role, the management board shall be guided by the interests of the company and its affiliated enterprise, taking into consideration the interests of the company’s stakeholders. The management board shall provide the supervisory board in good time with all information necessary for the exercise of the duties of the supervisory board.</p> <p>The management board is responsible for complying with all relevant primary and secondary legislation, for managing the risks associated with the company activities and for financing the company. The management board shall report related developments to and shall discuss the internal risk management and control systems with the supervisory board and the audit committee.</p>	<input checked="" type="checkbox"/>		Board Rules: 2.1, 2.6, 2.7 Articles: 16.1
II.1.1	A management board member is appointed for a maximum period of four years. A member may be reappointed for a term of not more than four years at a time.	<input checked="" type="checkbox"/>		Articles: 17.1

II.1.7	The management board ⁵ shall ensure that employees have the possibility of reporting alleged irregularities of a general, operational and financial nature within the company to the chairman of the management board or to an official designated by him, without jeopardising their legal position. Alleged irregularities concerning the functioning of management board members shall be reported to the chairman of the supervisory board ⁶ . The arrangements for whistleblowers shall be posted on the company's website.	<input type="checkbox"/>	Altice complies with this provision, provided that employees can report irregularities of a general, operational and financial nature within the company to the CEO or an official designated by the board.	Board Rules: 13.2 Schedule 2 to the Board Rules Whistleblower Policy
II.1.8	A management board member ⁷ may not be a member of the supervisory board ⁸ of more than two listed companies. Nor may a management board member ⁹ be the chairman of the supervisory board ¹⁰ of a listed company. Membership of the supervisory board of other companies within the group to which the company belongs does not count for this purpose. The acceptance by a management board member ¹¹ of membership of the supervisory board ¹² of a listed company requires the approval of the supervisory board ¹³ . Other important positions held by a management board member shall be notified to the supervisory board ¹⁴ .	<input type="checkbox"/>	Altice complies with this provision, provided that the acceptance by an executive director of membership of the supervisory board of a listed company requires the approval of the entire one-tier board. Also, executive directors must notify the board about other important positions.	Board Rules: 3.15, 3.13
II.1.9	If the management board ¹⁵ invokes a response time within the meaning of best practice provision IV.4.4, such period may not exceed 180 days from the moment the management board is informed by one or more shareholders of their intention to put an item on the agenda to the day of the general meeting at which the item is to be dealt with. The management board ¹⁶ shall use the response time for further deliberation and constructive consultation. This shall be monitored by the supervisory board ¹⁷ . The response time may be invoked only once for any given general meeting and may not apply to an item in respect of which the response time has been previously invoked or meetings where a shareholder holds at least three quarters of the issued capital as a consequence of a successful public bid.	<input checked="" type="checkbox"/>

II.1.10	If a takeover bid for the company's shares or for the depository receipts for the company's shares is being prepared, the management board ¹⁸ shall ensure that the supervisory board ¹⁹ is closely involved in the takeover process in good time.	<input checked="" type="checkbox"/>	Since Altice has a one-tier board, it is ensured that the non-executive directors are closely involved in a possible takeover process.	
II.1.11	If the management board of a company for which a takeover bid has been announced or made receives a request from a competing bidder to inspect the company's records, the management board ²⁰ shall discuss this request with the supervisory board ²¹ without delay.	<input checked="" type="checkbox"/>	Since Altice has a one-tier board, the non-executive directors will take notice of such a request at the same time as the executive directors.	
II.2	Remuneration			
	<i>Level and composition of the remuneration</i>			
Principle	<p>The level and structure of the remuneration which the management board members receive from the company for their work shall be such that qualified and expert managers can be recruited and retained. When the overall remuneration is fixed, its impact on pay differentials within the enterprise shall be taken into account. If the remuneration consists of a fixed component and a variable component, the variable component shall be linked to predetermined, assessable and influenceable targets, which are predominantly of a long-term nature. The variable component of the remuneration must be appropriate in relation to the fixed component.</p> <p>The remuneration structure, including severance pay, shall be simple and transparent. It shall promote the interests of the company in the medium and long term, may not encourage management board members to act in their own interests or take risks that are not in keeping with the adopted strategy, and may not 'reward' failing board members upon termination of their employment. The supervisory board is responsible for this. The level and structure of remuneration shall be determined by reference to, among other things, the results, the share price performance and non-financial indicators that are relevant to the company's long-term value creation.</p> <p>The shares held by a management board member in the company on whose board he sits are long-term investments. The amount of compensation which a management board member may receive on termination of his employment may not exceed one year's salary, unless this would be manifestly unreasonable in the circumstances.</p>	<input checked="" type="checkbox"/>		Remuneration Policy
