

Altice announces its intention to accelerate its fiber investments in France and Portugal

November 9, 2015 – Altice N.V. (Euronext: ATC, ATCB) today announced in Paris that it will accelerate the pace of its fiber build-out in both France and Portugal, as well as the launch of its new S-VOD platform (ZIVE) and a new fiber set-top box for the French market.

These announcements underscore Altice's strategic focus on continuing to be the market leader in fiber infrastructure, technology innovation and customer experience.

In France, the Altice Group has set itself new targets in terms of fiber deployment and now aims to reach 12 million homes passed by the end of 2017, 18 million homes passed by the end of 2020 and 22 million homes passed by the end of 2022. As of end of Q3 2015 Numericable-SFR passed 7.4 million fiber homes.

In Portugal, the Group announced that it aims to build-out fiber to an additional 3 million households and businesses over the next five years, at a rate of 600,000 homes per year. This implies a new target of 5.3 million fiber homes passed by the end of 2020. As of end of Q3 2015 PT passed 2.3 million fiber homes.

With these accelerated network investments, the Altice Group will maintain its market leading positions in fiber in both France and Portugal and will actively contribute to the development and competitiveness of the two countries.

About Altice

Founded by telecom entrepreneur, Patrick Drahi, Altice is a multinational cable, fiber, telecommunications, contents and media company with presence in three regions - Western Europe (comprising France, Belgium, Luxembourg, Portugal and Switzerland), Israel and the Overseas Territories (currently comprising the French Caribbean and the Indian Ocean regions and the Dominican Republic). We provide very high speed based services (high quality pay television, fast broadband Internet and fixed line telephony) and, in certain countries, mobile telephony services to residential and corporate customers.

Altice (ATC & ATCB) is listed on NYSE Euronext Amsterdam.
