1 - Basis of preparation

The condensed interim consolidated financial statements of Altice Luxembourg S.A. (the "Company", the "Group", "Altice" or "Altice Group"), as of June 30, 2016 and for the three and six month periods then ended were approved by the Board of Directors and authorized for issue on August 26, 2016.

The controlling shareholder of the Company is Altice Group Luxembourg S.à r.l., which holds 100% of the share capital, and is itself controlled by Altice N.V.. The Company is headquartered at 3, Boulevard Royal, L-2449, Luxembourg, in the Grand Duchy of Luxembourg.

The controlling shareholder of Altice N.V. is Next Alt S.à r.l., which holds 57.87% of the share capital, and is controlled by Mr. Patrick Drahi.

Altice N.V. is a multinational cable, fiber, telecommunications, content and media company with presence in several regions – Western Europe (comprising France, Portugal, Belgium, Luxembourg and Switzerland), the United States, Israel, French Overseas Territories and the Dominican Republic. Altice provides very high speed based services (high quality pay television, fast broadband Internet and fixed line telephony) and in certain countries, mobile telephony services to residential and corporate customers.

Altice is also active in the media industry with a portfolio of channels as well as provider of premium contents on nonlinear platforms. It also produces its own original contents (Series, Movies etc.).

The condensed interim consolidated financial statements of the Group as of June 30, 2016 and for the three and six month periods then ended, are presented in Euros, except as otherwise stated, and have been prepared in accordance with International Accounting Standard (IAS) 34 " Interim Financial Reporting". They should be read in conjunction with the annual consolidated financial statements of Altice Luxembourg and the notes thereto as of and for the year ended December 31, 2015 which have been prepared in accordance with International Financial Reporting Standards as adopted in the European Union ("IFRS") ("Consolidated Financial Statements").

Accounting policies

The accounting policies applied as of June 30, 2016 and for the three and six month periods then ended are the same as the ones disclosed in Note 2 of the Consolidated Financial Statements.

As described in note 2.21 to the consolidated financial statements as of and for the year ended December 31, 2015, (*liabilities related to put options granted to non-controlling interests*), at each closing date, the Group in the absence of specific IFRS guidance has elected to recognise future changes of the fair value of put option in equity, as an increase to (a deduction from) other reserves attributable to equity holders of the parent. The Group is closely monitoring the work of the IASB and the IFRIC, which could lead to a revision of the treatment of put options granted to non-controlling interests.

Standards applicable for the reporting period

The following standards are mandatorily applicable for periods beginning on or after January 1, 2016 as described in note 1 to the consolidated financial statements as of and for the year ended December 31, 2015:

(i) Amendments to IAS 16 and IAS 38 Clarification of Acceptable Methods of Depreciation and Amortisation. The amendments to IAS 16 prohibit entities from using a revenue-based depreciation method for items of property, plant and equipment. The amendments to IAS 38 introduce a rebuttable presumption that revenue is not an appropriate basis for amortisation of an intangible asset. Currently, the Group uses the straight-line method for depreciation and amortisation for its property, plant and equipment, and intangible assets respectively,

(ii) Amendments to IFRS 11 Accounting for Acquisitions in Joint Operations. The amendments to IFRS 11 provide guidance on how to account for the acquisition of an interest in a joint operation in which the activities constitute a business as defined in IFRS 3 Business Combinations,

(iii) Amendments to IAS 1 Disclosure initiative,

(iv) Annual improvements cycle 2012-2014.

The application of these amendments has had no impact on the amounts recognised in the Group's consolidated financial statements or has had no impact on the disclosures in the Group's condensed interim consolidated financial statements.

Standards not applicable as of reporting date

In addition to the note 1.3 ii) to the Consolidated Financial statements as of December 31, 2015, the Group has not anticipated the following standards and interpretations, for which application is not mandatory for period started from January 1, 2016 and that may impact the amounts reported.

(i) IFRS 15 Revenue from Contracts with Customers: The Board of Directors of the Company anticipate that the application of IFRS 15 in the future may have a material impact on the amounts reported and disclosures made in the consolidated financial statements. The new standard will mainly impact revenue recognition for Mobile activities as some arrangements include a handset component with a discounted price and a communication service component: the total revenue will not change but its allocation between the handset sold and the communication service will change (more equipment revenue and less service revenue) and the timing of the revenue recognition will change. In addition, other topics (incremental costs to acquire contracts such as commissions, non-refundable upfront fees…) may impact the amounts reported. The standard is effective for annual periods beginning on or after January 1, 2018,

(ii) IFRS 9 Financial instruments is effective for annual periods beginning on or after January 1, 2018,

(iii) IFRS 16 Lease is effective for annual periods beginning on or after January 1, 2019,

(iv) Amendments to IFRS 2: Classification and Measurement of Share-based Payment Transactions (issued on 20 June 2016) is effective for annual periods beginning on or after January 1, 2018.

The effects are analysed as part of a Group-wide projects for implementing these new standards. It is not practicable to provide a reasonable estimate of the quantitative effects until the projects have been completed.

Significant accounting judgments and estimates used in the preparation of the condensed interim consolidated financial statements

In the application of the Group's accounting policies, the Board of Directors of the Company is required to make judgments, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

These judgments and estimates relate principally to the provisions for legal claim, the post-employments benefits, revenue recognition, fair value of financial instruments, deferred taxes, impairment of goodwill, useful lives of intangible assets and property, plant and equipment and trade receivables and other receivables. These estimates and assumptions are described in the note 2.26 to the consolidated financial statements for the year-end December 31, 2015.

Revised information

The comparative information as of June 30, 2015 has been revised to reflect the impact of the finalization of the allocation of the purchase price of SFR S.A., Virgin Mobile S.A. acquired during the course of the year ended December 31, 2014 and Portugal Telecom acquired in June 2015.

2 – Main changes in the scope of consolidation

Changes in consolidation scope as of June 30, 2016

Consolidation of Next Radio TV

On July 27, 2015, Alain Weill, the Chairman, CEO, Founder and main shareholder of NextRadioTV and Patrick Drahi, the Chairman and Founder of Altice S.A. announced the signing of a strategic partnership of their groups to invest in and to accelerate the development of multimedia projects in both France and other international markets.

The Company, through its indirect subsidiary, Altice Content Luxembourg, is a co-investor in Groupe News Participation S.A.S. ('GNP'), of which it owned 49% of the economic and voting rights as of December 31, 2015. Mr. Alain Weill owns the remaining 51% through his holding, News Participations ('NP'). On December 17, 2015, GNP notified the *Autorité de marchés financiers* (the "AMF") of its intention to file a public tender for the outstanding shares of Next Radio TV. The public tender offer was successfully closed on February 1, 2016, with 95.47% of the holders of common shares opting to accept the offer price (GNP needed to acquire at least 95% to complete the tender offer and squeeze out the remaining shareholders). The stock was delisted from Euronext Paris on February 8, 2016.

As of December 31, 2015, the Company had determined that it exercised a significant influence over GNP by virtue of the economic rights and governance rights that it has obtained as a result of its investment and thus had accounted for the investment as an associate. Following the successful closing of the public tender offer on February 1, 2016, and the appointment of Mr. Weill to the executive committee of Altice, the Group determined that its investment in GNP met the criteria for control as per IFRS 10.

Groupe News Participation contributed €117.5 million to revenues, €11.8 million to operating profit and €2.7 to the net loss of the Group for the six months ended June 30, 2016.

Acquisition of Altice Media Group by NSFR

On April 27, 2016, SFR announced that it had entered into negotiations to acquire Altice Media Group France, a leading diversified and profitable media group in France, which publishes more than 20 major national titles, including iconic and well-known brands such as Libération, L'Express, L'Expansion, L'Etudiant and Stratégies. Altice Media Group France operates an international news channel - i24 News - and is has positioned itself as the second largest operator in the French digital press sector. In addition, Altice Media Group France is a leading event organizer: its "Salon de l'Etudiant" trade fair, in particular, has attracted 2 million visitors annually for more than 30 years. Altice Media Group was controlled by Altice IV S.A., which is as a related party as it shares the same controlling shareholder as the Group.

The transaction valued Altice Media Group France at an enterprise value of €241 million or 4.5x Adjusted EBITDA pro forma for synergies and tax losses carried forward.

This transaction represents a unique opportunity to develop SFR into a true cross-media content publisher, capitalizing on a highly diversified portfolio of premium brands. The acquisitions support SFR's business strategy by accelerating the deployment of the global convergence of telecoms + media/content + advertising.

The acquisition of AMG was successfully completed on May 27, 2016, using a combination of cash on balance sheet at SFR and vendor financing of €100 million provided by the sellers of AMG.

Altice Media Group contributed €22.1 million to revenues, €1.2 million to operating loss and €0.7 million to the net loss of the Group for the six months ended June 30, 2016.

Disposal of Cabovisao and ONI

On January 20, 2016, the Group announced that it had completed the sale of Cabovisão and its subsidiaries (including Winreason, which provided B2B services under the 'ONI' brand name) to Apax France. This disposal was mandated by the European Commission and the Portuguese competition authorities following the acquisition of PT Portugal in June 2015. These entities were classified as held for sale by the Group as of 31 December 2015, in accordance with IFRS 5.

Total consideration received for the disposal amounted to €140.6 million (subject to purchase price adjustments), of which €63.9 million for the shares of Cabovisao and its subsidiaries. The Group recognised a gain on disposal of €107.5 million in the condensed consolidated statement of income for the period ended June 30, 2016.

3 – Segment reporting

3.1 Definition of segments

Given the geographical spread of the various Group entities, it follows that an analysis and control by geographical areas is inalienable to the Group strategy of managing its different businesses. It has thus been decided by the senior management to analyse the business across geographies and then by activity. Other activities such as content, data-centers, smaller geographical location and holding company operations are classified as "Others". Such presentation is consistent with the reporting used internally by the executive management of the Group to track operational and financial performance.

The following geographies have been identified:

- France,
- Portugal,
- Israel,
- Dominican Republic, and
- Others (French Overseas Territories / Belgium and Luxembourg / Switzerland / Content / Corporate entities).

Additional information on the revenue split is presented as follows:

- Fixed in the business to consumer market (B2C),
- Fixed in the business to business market (B2B),
- Wholesale market,
- Mobile in the business to consumer market (B2C),
- Mobile in the business to business market (B2B), and
- Other.

We operate high-speed cable, fiber or DSL based fixed line networks in all our operating segments. Consistent with our strategy to invest in convergent networks, we also operate 4G/LTE and 3G networks in our France, Portugal, Israel, Dominican Republic and French Overseas Territories segments.

The segments presented are consistent with the ones presented in the consolidated financial statements as at December 31, 2015. The businesses that the Group owns and operates do not show significant seasonality, with the exception of the mobile B2C and B2B segments, which can show significant changes in sales at the year end and at the end of the summer season (the "*back to school*" period). The B2B business (for both fixed and mobile) is also impacted by the timing of preparation of the annual budgets of public and private sector companies.

Intersegment transactions between different segments mainly relate to the exchange of services (mobile roaming, interconnect, content) between our France segment and businesses that are a part of the Altice International sub-group (Portugal, Israel, Dominican Republic and Others segments).

The accounting policies of the reportable segments are the same as the Group's accounting policies.

(**) The France segment includes the results of SRR, a direct subsidiary of SFR, which operates in the French Overseas Territories of La Reunion and Mayotte. Management has decided to leave SRR in the France segment given it reports separately from the rest of the FOT business (reported in Others) and it is fully integrated in the France business, operationally and in terms of reporting.

(***) Includes the results of GNP from February 8 (date of control) to date of disposal to SFR. Following the sale of GNP to SFR in May 2016, these results are under the France segment. GNP contributed €71.6 million to revenues and €13.3 million to adjusted EBITDA for the six months ended June 30, 2016.

(1) Includes an expense of €20.1 million relating to the discontinued use of the ONLY brand in the Antilles-Guyane region of the French Overseas Territories segment, following the replacement of the ONLY brand with the SFR brand.

3.2.2 Non-recurring items and other adjustments

Restructuring, deal fees and related expenses incurred during the six months periods ended June 30, 2016 and 2015 pertain mainly to severance package, transaction costs and one-off payment made to parties involved in the acquisitions or other similar operations. Details are given below:

4.1 Impairment of goodwill

Goodwill is reviewed at the level of each GCGU or CGU annually for impairment and whenever changes in circumstances indicate that its carrying amount may not be recoverable. For 2015, goodwill was tested at the GCGU level for impairment as of December 31, 2015. The GCGU is at the country level where the subsidiaries operate. The recoverable amounts of the GCGUs are determined based on their value in use. The Group determined to calculate value in use for purposes of its impairment testing and, accordingly, did not determine the fair value of the GCGUs. The key assumptions for the value in use calculations are primarily the pre-tax discount rates, the terminal growth rate and the EBIT margin during the period, except for the France GCGU, for which the fair value is determined on the basis of the observable price of its publicly traded shares.

The Board of Directors has determined that there have not been any changes in circumstances indicating that the carrying amount of goodwill may not be recoverable and therefore no updated impairment model analysis has been carried out nor any impairment recorded for the six months ended June 30, 2016.

4.2 Business combinations

4.2.1 Groupe News Participations

The Group obtained control over Groupe News Participation (GNP) during the period ended June 30, 2016 (refer to note 2.1).

This transaction qualified as a step acquisition as per IFRS 3, *Business Combinations*, and goodwill was calculated as follows and allocated to France GCGU:

Carrying amount of equity investment	€0.3 million
Gain on step acquisition	€0.0 million
Fair value of identifiable assets, liabilities and contingent liabilities	€ (630.1) million
Goodwill...	€630.4 million

The Group has identified the following assets and liabilities as part of the transaction, for which it is in the process of determining the fair value with the help of an independent external appraiser.:

a) Brands; main brands identified would be BFM TV, BFM Business, RMC, RMC Sport, RMC Découverte and 01Net/telecharger.com;

b) Exclusive distribution agreements/broadcast licenses (for radio and TV);

c) Exclusive content agreements and libraries.

The useful lives for the identified assets and liabilities will be determined as per the economic condition of the assets and the accounting policies and standards of the Group.

The Group is continuously evaluating the fair value of acquired assets and liabilities and expects to complete the final purchase price allocation within the measurement period as defined by IFRS 3.

4.2.3 Other variations in goodwill (France)

On May 27, 2016, Altice Media Group ("AMG") was transferred to the Group by Altice IV S.A.. Altice IV S.A. is as a related party as it shares the same controlling shareholder as the Group. In the absence of specific guidance in IFRS concerning the accounting for common control transactions and in line with similar transaction carried out by the Group, no purchase price allocation was performed. This transaction allows the Group to pursue its strategy of convergence between communication and media.

However, as part of the acquisition of Altice Media Group, the Group acquired existing goodwill recorded at AMG resulting from past acquisitions made by AMG. This goodwill arises on acquisition of Libération, NewsCo and i24, and amount to €129.0 million. AMG identified and evaluated preliminary the brands at a fair value of €54.0 million (€35 million net of taxes).

The final allocation of the preliminary goodwill at AMG is expected to be finalised by the end of 2016.

<u>*SFR*</u>

On April 7, 2016, SFR announced the successful placement of new 10 year Senior Secured Notes for an aggregate amount of $5.2 billion. The proceeds from the issuance of this new debt were used to fully refinance the following debts:

- $2,400 million notes due 2019;
- €475 million drawn on the €1,125 million RCF; and
- €1,900 million term loan due 2019 (three tranches of €627 million, €399 million and $1,142 million respectively).

The debt was priced at 7.375%. The equivalent swapped coupon for the euro repayments is c. 6.2%.

At the date of the refinancing, the average maturity of SFR's debt was increased from 5.8 years to 7.9 years.

As a result of the refinancing described above, the Group recognised a loss on extinguishment of a financial liability for an amount of €135.0 million for the six months ended June 30, 2016.

<u>*Altice Financing S.A.*</u>

On April 19, 2016, Altice Financing S.A., an indirect subsidiary of the Company, announced that it had successfully priced new 10 year Senior Secured Notes for an aggregate amount of $2.75 billion. The new debt will pay a coupon of 7.5% (c .5.8% swapped into euros). The proceeds from this issuance were used to refinance the following debts:

- $460 million senior secured notes due 2019;
- €210 million senior secured notes due 2019;
- $1,013 million of loans under the 2019 Term Loan facility; and

At the date of the refinancing, the average maturity of Altice International's debt was increased from 6.0 years to 7.7 years.

As a result of the refinancing described above, the Group recognised a loss on extinguishment of a financial liability for an amount of €88.0 million for the six months ended June 30, 2016.

6.3 Covenants

There was no change regarding the covenants impacting the Group and its subsidiaries during the period ended June 30, 2016 compared to December 31, 2015.

We were in compliance with all our covenants as of June 30, 2016.

6.4 Loans from financial institutions

As of June 30, 2016, loans from financial institutions are composed of the following:

	June 30, 2016	< 1 year	One year or more	December 31, 2015
		(In millions €)		
SFR Term Loans	4,572.9	41.9	4,531.1	6,632.3
Altice Financing Term Loans	440.4	4.5	435.9	2,194.6
SFR Group RCF	400.0	-	400.0	450.0
Altice Financing RCF	-	-	-	160.0
Others	35.0	4.1	30.9	34.0
Total	**5,448.4**	**50.5**	**5,397.9**	**9,471.0**

The decrease in the loans from financial institutions was mainly due to the prepayment of different term loan facilities by the Group during the period. The Term Loans were repaid prior to their maturity through the issuance of new debentures, as follows:

- €1,900 million of SFR Term Loans due 2019 (three tranches of €627 million, €399 million and $1,142 million respectively);
- $1,013 million of Altice Financing Term Loans under the 2019 Term Loan facility; and

In addition to the repayments mentioned above, the Group also refinanced the following Term Loans aggregating a total of $2,600 million:

- A tranche in the aggregate amount of $ 1,425 million and a euro denominated tranche of €850 million. The new tranches have the following characteristics:
    - o $1,425 million due in 2024 (with principal repayments of 1% per annum), paying an interest of Libor 3m+4.25% (with a 0.75% floor)
    - o €850 million due in 2023 (with principal repayments of 1% per annum), paying an interest of Libor 3m+3.75% (with a 0.75% floor)

    - (iii) Numericable-SFR S.A.: €1,125 million; and

- Guarantee facilities:

  As of June 30, 2016, compared to December 31, 2015, the following facilities had remained drawn:

  - SFR had drawn €400 million to finance the acquisition of Altice Content Luxembourg;
  - The €160m drawn at Altice Financing had been fully repaid as of June 30, 2016.

6.5 Other financial liabilities

Significant variations in other financial liabilities compared to the year ended December 31, 2015 are summarised below:

1.) The increase in debts related to securitisation and reverse factoring at NSFR for a total amount of €216.0 million;
2.) The issuance of commercial paper by SFR for an aggregate amount of €170.0 million;

4.) Decrease in bank overdrafts by €83.8 million from €126.6 million to €42.8 million.

6.6 Derivatives and hedge accounting

6.6.1 Cross currency swaps

As part of the refinancing transactions mentioned in note 6.1 and 6.2, the Group entered into new swaps and modified the conditions of existing swaps on the refinanced debt to maintain its hedging strategy.

The following table provides a summary of the modified and new swap contracts:

Issuing company	Nominal USD *(In millions)*	Nominal EUR *(In millions)*	USD/EUR exchange rate	Effective date	Termination date (*)	USD coupon	EUR coupon	Modified/ New

SFR	1,425	1,030	1.3834	08/05/2014	15/01/2024	L+4.25%	E+4.570%	Modified

1. The new fixed to fixed cross currency have been designated as hedging instruments and have been accounted for as cash flow hedges as per IAS 39.
2. The modified fixed/fixed cross currency swap at SFR was previously designated as a hedging instrument and accounted for as a cash flow hedge since its inception.
3. The modified fixed/fixed cross currency swaps at Altice Financing were previously designated as held for trading and designated as fair value through profit and loss (FVTPL) instruments. Following the modifications, these instruments were designated as cash flow hedge instruments.

Thus, the fair value change of all derivative instruments designated as cash flow hedges was recorded in other comprehensive income for the six-month period ended June 30, 2016. Before the impact of taxes, an income of €68.2 million was recorded as other comprehensive income (€45.2 million net of taxes).

6.6.2 Interest rate swaps

Compared to the year ended December 31, 2015, the Group entered into new interest rate swaps at Altice Financing and SFR with the following characteristics:

On February 16, 2016, NSFR signed an interest rate swap agreement with the following features:

- Nominal: €4.0 billion
- Variable rate paid by the bank: 3-month EURIBOR
- Rate paid by the Group: -0.121%
- Maturity: 7 years, but cancellable by the counterparty after 5 years.

The Group also entered into a similar swap at Altice Financing S.A. with the following features:

- Nominal: €0.75 billion
- Variable rate paid by the bank: 3-month EURIBOR
- Rate paid by the Group: -0.13%
- Maturity: 7 years, but cancellable by the counterparty after 5 years.

In addition to the cash flow hedge instruments listed above, the Group entered into two new fixed to floating interest rate swaps at Altice Financing. The objective of these swaps is to cover the exposure of the refinanced debt to changes in the market interest rate (as the refinanced term loans were replaced with fixed rate debentures).

In line with its hedging policy, the Group has designated these swaps as fair value hedges. As per the provisions of IAS 39, 'Financial instruments', the variations in fair value of the hedged instrument is recorded through the statement of income as are the variations in the fair value of the hedged item. In case of effective hedged instrument, the variations in the fair value of the hedged instrument and the hedged item compensate for each other.

The details of the fixed to floating interest rate swaps are given below:

- Hedged items:
  - $720 million tranche of a $2,750 million bond bearing a coupon of 7.5%
- Hedging instruments:
  - Fixed to floating swap changing $720 million from a fixed rate of 1.81% to Libor 6m.

For the six-month period ended June 30, 2016, the group recorded a net financial expense of €0.1 million related to the fair value hedges mentioned above.

6.6.3 Reconciliation to swap adjusted debt

As mentioned in the note above, the Group has entered into various hedge transactions in order to mitigate interest rate and FX risks on the different debt instruments issued by the Group.

Such instruments cover both the principal and the interests due on different debts (both debentures and loans from financial institutions).

A reconciliation between the carrying amount of the Group's financial debt and the due amount of the debts after taking into account the effect of the hedge operations (the, "Swap adjusted debt") are given below:

8- Net result on extinguishment of financial liability

During the six month period ended June 30, 2015, The caption is explained by a one-off financial income recorded on the cancellation of the earn-out due to Vivendi as part of the acquisition of SFR by Numericable. The earn-out was carried at its fair value, which amounted to €643.5 million as of the extinguishment date. As per the provisions of IAS 39 and IFRS 3, this amount was fully recognized as a financial income following the cancellation of the earn-out, as this cancellation was a result of an event separate from the original contract.

During the six month period ended June 30, 2016 and as a result of the refinancing operations performed (see note 6.2) the Group recognized a net loss on extinguishment of financial liabilities amounting to €223.4 million.

9- Income tax

	June 30, 2016	June 30, 2015
Current tax	(96.1)	(86.4)
Deferred tax	129.8	(4.8)
Total	**33.7**	**(91.2)**

For the six months ended June 30, 2016, the Group recorded an income tax credit of €33.7 million compared to an income tax expense of €91.2 million for the six months ended June 30, 2015. The variation in the income tax recorded resulted mainly from a deferred tax income of €129.8 million for the six months ended June 30, 2016 (compared to an expense of €4.8 million in 2015) mainly linked to the variation in deferred tax in the French business and the change in the fair value recorded on derivative instrument.

Income tax litigation

This note describes the new proceedings and developments in existing tax litigations that have occurred since the publication of the consolidated financial statements for the year ended December 31, 2015 and that have had or that may have a significant effect on the financial position of the Group.

NC Numericable

The French tax authorities have conducted audits of various Group companies since 2005 with respect to the VAT rates applicable to our multi-play offerings. Under the French General Tax Code, television services are subject to a reduced VAT rate of 5.5%, which was increased to 7% as of January 1, 2012 and to 10% from January 1, 2014, while Internet and telephony services are subject to the normal VAT rate of 19.6%, increased to 20% from January 1, 2014. When marketing multi-play offerings, the Group applies a price reduction on the price the Group would charge for these services on a stand-alone basis. This discount is primarily applied to the portion of its multi-play offers corresponding to its Internet and telephony services; the television service is the principal offer of the audited companies. As a result, the VAT charged to the Group's multi-play subscribers is lower than if the discount applied to the television portion of its packages or if it were prorated on all services.

The French tax authorities assert that these discounts should have been calculated pro rata of the stand-alone prices of each of the services (television, broadband Internet, fixed-line and/or mobile telephony) included in the multi-play packages of the Group and proposed adjustments for fiscal years 2006 to 2010.

The Group has also received proposed adjustments for fiscal years 2011 and 2012 for NC Numericable, Numericable and Est Vidéocommunication primarily affecting the application of the VAT on the multi-play offers, despite the change in rules on January 1, 2011 that supports the Group's practice in this area.

On February 1, 2016, the Company received notice of a tax audit from the French tax authorities for fiscal years 2013 and 2014 with a preliminary audit set for February 22, 2016.

The Group is disputing all of the proposed reassessments planned and has initiated appeals and dispute proceedings, which are at different stages, depending on the fiscal year in question for each of the fiscal years subject to reassessments.

The proposed assessments have been provisioned in the financial statements as of June 30, 2016 for an amount of €40.5 million.

10 – Litigation

Provisions for litigation are mainly relating to litigations that have been brought against the Group for which the Board of Directors believes that a significant risk of cash out is probable.

This note describes the new proceedings and developments in existing litigations that have occurred since the publication of the consolidated financial statements for the year ended December 31, 2015 and that have had or that may have a significant effect on the financial position of the Group.

10.1 France

Civil and commercial disputes in France

10.1.1 Wholesale disputes

Complaint by Bouygues Telecom against SFR and Orange regarding the wholesale market in mobile call termination and the retail market in mobile telephony

The French Competition Council received a complaint from Bouygues Telecom against SFR and Orange claiming that the latter were engaged in anticompetitive practices in the mobile call termination and mobile telephony markets. On May 15, 2009, the French Competition Authority decided to postpone its decision and remanded the case for further investigation. On August 18, 2011 SFR received a complaint claiming unfair pricing. On December 13, 2012 the Competition Authority fined SFR €66 million for abuse of dominant position, which SFR has paid.

SFR appealed the decision. The case was heard by the Paris Court of Appeal on February 20, 2014. The Paris Court of Appeal rendered its judgment on June 19, 2014, dismissing SFR's appeal (the judgment was appealed to the Court of Cassation by SFR on July 9, 2014; on October 6, 2015, the Court of Cassation rejected SFR's appeal) and asked the European Commission to provide an Amicus Curiae to shed light on the economic and legal issues raised by the case. The Court of Appeal postponed ruling on the merits of the case pending the Commission's opinion. The Commission rendered its opinion on December 1, 2014, which went against SFR. The hearing on the merits of the case was held on December 10, 2015. The Court of Appeal issued its ruling on May 19, 2016; it granted a 20% fine rebate to SFR due to the new nature of the infraction. The French treasury (Trésor Public) returned €13.144 million to SFR. SFR appealed on a point of law on June 20, 2016.

As a result of the French Competition Authority's decision of December 13, 2012, Bouygues Telecom, OMEA and EI Telecom (NRJ Mobile) brought suit against SFR in the Commercial Court for damages. In accordance with the transaction between SFR and Bouygues Telecom in June 2014, the closing hearing of the conciliation proceedings was held on December 5, 2014. The motion for discontinuance granted on September 11, 2014 ended the legal action between the two companies. With respect to the claim by OMEA (€67.9 million) and EI Telecom (€28.6 million), SFR applied for stay on a ruling pending the decision of the Paris Court of Appeal, and obtained it. OMEA withdrew its claim on May 24, 2016.

SFR's lawsuit and complaint against Orange in the Paris Commercial Court (call termination - call origination)

On February 22, 2010, SFR sued Orange demanding that it cancel the price for Orange call origination for the period 2006-2007 and replace it with a 2% lower rate for 2006 and a15% lower rate for 2007. On June 25, 2013 SFR had all its requests dismissed. On July 25, 2013, SFR appealed the Commercial Court ruling. On December 4, 2015, the Court of Appeal dismissed SFR's claim. SFR filed an appeal before the Court of Cassation, the French Supreme Court, on March 14, 2016.

Complaint by Orange Réunion, Orange Mayotte and Outremer Telecom against SRR and SFR

Compensation disputes

Following the Competition Authority's decision of September 15, 2009 (provisional measures) and pending the Authority's decision on the merits, on June 17, 2013 Outremer Telecom filed suit against SRR and SFR in the Commercial Court seeking remedy for the loss it believes it suffered as a result of SRR's practices.

Outremer Telecom is claiming €23.5 million in damages subject to adjustment for unfair practices by SRR in the consumer mobile phone market on Réunion and Mayotte, and €1 million as damages subject to adjustment for unfair practices by SRR in the business market in mobile telephony on Réunion and Mayotte.

Outremer Telecom withdrew its petition.

In a ruling on November 13, 2013 the Court awarded SRR and SFR a postponement until the Competition Authority makes a decision, or until the Senior Justice of the Court of Appeal orders the postponement of the execution of the Competition Authority's decision. The proceedings have not resumed to date even though the decision of the Senior Justice of the Court of Appeal was handed down on June 13, 2014.

Outremer Telecom withdrew from the proceedings against SRR and SFR on May 10, 2015.

On October 8, 2014 Orange Reunion sued SRR and SFR jointly and severally to pay €135.3 million for the loss suffered because of the practices sanctioned by the Competition Authority. To date, the merits of the case have not yet been heard and various procedural issues have been raised, on which a judgment is pending. Court Ruling on June 20, 2016: the petitions of Orange Réunion cannot relate to the period preceding October 8, 2009 and refused to exonerate SFR.

Complaint against Orange to the Competition Authority regarding the market in mobile telephony services for businesses

On August 9, 2010, SFR filed a complaint against Orange with the Competition Authority for anticompetitive practices in the business mobile telephony services market.

On March 5, 2015, the Competition Authority sent a notice of complaints to Orange. Four complaints were filed against Orange. On December 17, 2015, the Authority ordered Orange to pay a fine of €350 million.

At the same time, SFR sued Orange in the Commercial Court and is seeking €2.4 billion in damages subject to adjustments as remedy for the loss suffered because of the practices in question in the proceedings with the Competition Authority. On June 21, 2016, Orange filed an injunction to disclose several pieces of confidential data in SFR's report for July 21, 2016. The hearing for the proceedings has been set for October 11, 2016.

SFR v. Orange: abuse of dominant position in the second homes market

On April 24, 2012 SFR filed a complaint against Orange with the Paris Commercial Court for practices abusing its dominant position in the retail mobile telephony services market for non-residential customers.

On February 12, 2014, the Paris Commercial Court ordered Orange to pay to SFR €51 million for abuse of dominant position in the second homes market.

On April 2, 2014 Orange filed an emergency motion against SFR with the Senior Justice of the Paris Court of Appeal to suspend the provisional enforcement. This motion was denied by the Senior Justice on July 4, 2014.

On April 2, 2014, Orange appealed the decision of the Commercial Court on the merits. On October 8, 2014 the Paris Court of Appeal overturned the Paris Commercial Court's ruling of February 12, 2014 and dismissed SFR's requests. The Court of Appeal ruled that it had not been proven that a pertinent market limited to second homes actually exists. In the absence of such a market, there was no exclusion claim to answer, due to the small number of homes concerned. On October 13, 2014 SFR received notification of the judgment of the Paris Court of Appeal of October 8, 2014 and repaid the €51 million to Orange in November 2014. On November 19, 2014 SFR appealed the ruling.

On April 12, 2016, the French Supreme Court overturned the Court of Appeal's decision and referred the case back to the Paris Court of Appeal.

Orange returned €52.7 million to SFR on May 31, 2016.

Orange v. SFR and Bouygues Telecom (Sharing Agreement)

On April 29, 2014, Orange applied to the French Competition Authority to disallow the agreement signed on January 31, 2014 by SFR and Bouygues Telecom to share their mobile access networks, based on Article L. 420-1 of the French Commercial Code and Article 101 of the Treaty on the Functioning of the European Union (TFEU). In addition to this referral, Orange asked the Competition Authority for a certain number of injunctions, as a provisional measure, against the companies involved.

In a decision dated September 25, 2014, the Competition Authority dismissed all of Orange's requested injunctions to stop SFR and Bouygues Telecom from implementing the agreement that they had signed to share part of their mobile networks.

The Competition Authority ruled that "*no serious and immediate harm to the general economy, the sector, consumers or the plaintiff, can be described based on the section of the agreement relating to network sharing or from the 4G roaming capability associated with it*."

Orange appealed the Competition Authority's decision to dismiss its request for provisional measures.

The Court of Appeal upheld this decision on January 29, 2015. Orange is now appealing the matter to the French Supreme Court. The investigation on the merits is ongoing.

eBizcuss.com against Virgin

eBizcuss.com filed a complaint against Virgin on April 11, 2012 before the French Competition Authority regarding an anticompetitive vertical agreement between Apple and its wholesale distributors (including Virgin).

Complaint by Numericable to the French Competition Authority

On May 20, 2015, Numericable filed a complaint against Groupe Canal Plus before the French Competition Authority based upon an abuse of dominant position of Groupe Canal Plus regarding its self-distribution.

10.1.2 Consumer Disputes

CLCV's summons and complaint against SFR

On January 7, 2013, the consumer association CLCV filed a complaint against SFR in the Paris Commercial Court. CLCV claimed that some of the clauses in SFR's general terms of subscription, and those of some other telephone operators, were unfair. It also asked for compensation for the collective loss suffered. The Paris District Court ruled that the clauses were unfair. SFR has appealed this ruling.

Free v. SFR: unfair practices for non-compliance with consumer credit provisions in a subsidized offer

On May 21, 2012, Free filed a complaint against SFR in the Paris Commercial Court. Free challenged the subsidy used in SFR's "Carrés" offers sold over the web between June 2011 and December 2012, claiming that it constituted a form of consumer credit and, as such, SFR was guilty of unfair practices by not complying with the consumer credit provisions, in particular in terms of prior information to customers. Free asked the Paris Commercial Court to require SFR to inform its customers and to order it to pay €29 million in damages. On January 15, 2013, the Commercial Court dismissed all of Free's requests and granted SFR €0.3 million in damages. On January 31, 2013, Free appealed the decision.

On March 9, 2016, the Paris Court of Appeal confirmed the Paris Commercial Court's ruling and denied all claims filed by Free. The amount of damages payable by Free to SFR was increased to €0.5 million from €0.3 million.

ARVATO v. SFR

On June 29, 2016, Arvato filed a motion against SFR before the Paris commercial court for summary proceedings and petitioned the court to order SFR, pursuant to a call center service level agreement expiring on September 30, 2016, to maintain an activity volume similar to the March 2016 volume under penalty of a fine until the decision on the merits (subject of the short notice proceeding) is rendered.
On June 29, 2016, Arvato filed a motion against SFR before the Paris Commercial Court, at short notice, and petitioned the court to order SFR to comply with a reasonable notice period supposed to end on September 30, 2018 without the possibility of reducing the volumes, and to do so under penalty of a fine.

On July 13, 2016, the presiding judge of the commercial court issued an order compelling SFR to maintain the activity volumes entrusted to Arvato at a level similar to the levels of March 2016, under penalty of a fine, until September 30, 2017.

SFR has appealed this ordinance.

BOUYGUES TELECOM v. SFR

On July 24, 2015, Bouygues Telecom sued NC Numericable and Completel in the context of disagreements about the contract of May 14, 2009 relating to the supply of the High-Speed Broadband double and triple play offers. Bouygues Telecom is contesting certain contractual stipulations and considers that it has been the victim of a margin squeeze, pre-contractual fraud, and other breaches, and is claiming the sum of €180 million from NC Numericable and Completel, a portion of which will correspond to cancelled invoices.

10.1.3 Other disputes

Operations, inspections and seizures

By Order of March 25, 2015, the Nanterre District Court authorized the rapporteur-general of the Competition Authority to conduct inspections and seizures in order to find proof of actions prohibited by Article L 430-8-II of the Commercial Code and any evidence of such actions before the authorization of the concentration of SFR Group, Omea Telecom and Numericable. On April 9, 2015, SFR Group appealed the authorization of the District Court of Nanterre and filed an appeal against the inspection and seizure operations with the Senior Justice of the Court of Appeal of Versailles. The hearing date was initially scheduled for May 26, 2016. The case was adjourned to November 24, 2016. It is understood that the opening of such an inquiry by the Competition Authority does not in any way prejudice the results that may be issued by the Authority.

10.2 Others

Penalty imposed by the *Autorité de la concurrence* (French anti-trust agency)

On April 19, 2016, the French anti-trust authority issued a notice to Altice Luxembourg (with NSFR as a guarantor), imposing a fine of €15 million related to the disposal of OMT's Indian Ocean assets in 2015. The payment of the fine is not contingent upon the appeals process and becomes payable upon receipt of the notice. The Group intends to appeal the decision. The penalty was paid by Altice Luxembourg on July 15, 2016.

11 – Related party disclosure

Compared to the year ended December 31, 2015, the Board has identified the following transactions with related parties that had a significant impact on the condensed consolidated accounts of the Group for the six months ended June 30, 2016:

i) A vendor note of €100 million related to the acquisition of AMG by SFR, due in 2017, recorded as other current financial liabilities;
ii) An increase in finance leases of €29.6 million related to the exclusive use of a datacenter owned by an entity controlled by the controlling shareholder;

In addition to the movements mentioned above, transactions with GNP, have been reported as intercompany transactions for the six months ended June 30, 2016 and hence eliminated (following the change in method of consolidation of GNP, see note 2).

12 - Going concern

As of June 30, 2016, the Group had net current liability position of €4,169.5 million (mainly due to trade payables amounting to €6,311.4 million) and a negative working capital of €1,674.9 million. During the 6 month period ended June 30, 2016, the Group registered a net loss of €310.3 million (compared to an income of €457.7 million for the 6 month period ended June 30, 2016 (which was mainly due to a one-off non-recurring gain on step acquisition as explained in note 9) and generated cash flows from operations of €2,270.4 million. The positive cash flow from operations balance was mainly due to strong earnings growth and EBITDA generation. The loss generated as of June 30, 2016 was mainly due to one off costs incurred on the extinguishment of certain financial liabilities (€223.4 million) and restructuring costs (see note 3). The negative working capital position is structural and follows industry norms. Customers generally pay subscription revenues early or mid-month, with short DSOs (Days of Sales Outstanding) and suppliers are paid under standard commercial terms, thus generating a negative working capital, as evidenced by the difference in the level of receivables and payables (€4,301.9 million vs. €6,311.4 million). Payables due the following month are covered by revenues and cash flows from operations (if needed).

As of June 30, 2016, the Group's short term borrowings mainly comprised of accrued interests for €558.9 million on the debenture and loans from financial institutions which are repaid on a semi-annual basis, and the amortization of some bonds and term loans. Those short term obligations are expected to be covered by the cash flows from operations of the operating subsidiaries. As of June 30, 2016, the revolving credit facilities at SFR remained drawn in an aggregate amount of €400 million. The RCFs previously drawn at Altice Financing S.A. were fully repaid in May.

As mentioned in note 16, the Group has pushed back its most significant debt reimbursements to 2022 through some refinancing that were completed in April 2016 (see note 6).

In determining the appropriateness of the use of the going concern assumption, the Board of Directors has considered the following elements:

- The Group has a strong track record of generating positive EBITDA and generated strong positive operating cash flows for the six-month period ended June 30, 2016 (€2,270.4 million). EBITDA amounted to €2,903.3 million, an increase of 14.2% compared to June 30, 2015. This increase in EBITDA is mainly due to the full six-month contribution of PT-Portugal to the Group's results compared to prior year. The Board of Directors is of the view that such EBITDA and the consequent cash flows are sufficient to service the working capital of the Group.
- The Group had healthy unrestricted cash reserves as of June 30, 2016 (€723.4 million vs. €625.7 million as of December 31, 2015), which would allow it to cover any urgent cash needs. Additionally, as of June 30, 2016, the Group had access to Revolving Credit Facilities ("RCF") and guarantee facilities of up to €2,308.1 million (of which €400.0 million drawn as of June 30, 2016).
- As of June 30, 2016, the Group had a positive equity position of €74.5 million.

The Board of Directors tracks operational key performance indicators (KPIs) on a weekly basis, thus closely tracking top line trends very closely. This allows the Board of Directors and local CEOs to ensure proper alignment with budget targets and respond with speed and flexibility to counter any unexpected events and ensure that the budgeted targets are met.

On the basis of the above, the Board of Directors is of the view that the Group will continue to act as a going concern for 12 months from the date of approval of these condensed interim consolidated financial statements and has hence deemed it appropriate to prepare these condensed interim consolidated financial statements using the going concern assumption.

13 – Revised information

As per the provisions of IFRS 3 Business Combination, the impact of the recognition of the identifiable tangible and intangible assets of SFR, Virgin Mobile and PT at their fair value was revised for the three and six months ended June 30, 2015.

Sports rights agreement in Portugal and acquisition of a stake in Sport TV

On July 26, 2016, NOS, Vodafone Portugal, Cabovisão, Altice Pictures, PT Portugal and MEO announced the signing of an agreement for reciprocal sharing of: (1) sports event broadcasting rights, and; (2) distribution and broadcasting rights of sports and club channels, which are currently owned or come to be owned by the signatories, who will share the current and future costs of the aforementioned sports content. This agreement is subject to approval from anti-trust authorities in Portugal.

In addition, on August 4, 2016, PT Portugal / MEO announced that it had signed a memorandum of understanding ("MOU") with the objective of entering the share capital of Sport TV, a sports broadcaster based in Portugal.

These agreements are subject to approval from anti-trust authorities in Portugal.

Restructuring plans in France

On August 4, 2016, Management and the representative unions of the SFR Group telecom division signed an agreement to allow the Group to adapt more quickly to the demands of the telecom market by building a more competitive and efficient organization. This agreement reaffirms the commitments to maintain jobs until July 1, 2017 that were made at the time of the SFR acquisition, and defines the internal assistance guarantees and the conditions for voluntary departures that would be implemented as of the second half of 2016. This agreement stipulates three steps:

1) the reorganization of retail, which will result in a voluntary departure plan as of the 4th quarter of 2016;

2) the preparation of a new voluntary departure plan to be launched in July 2017, preceded by the possibility for employees who would like to benefit from this plan to request suspension of their employment contract in the 4th quarter of 2016 in order to pursue their professional plans outside the company; and

3) a period between July 2017 and June 2019 during which employees could also benefit from a voluntary departure plan under conditions to be defined.

In any case, the Group has made a commitment that the SFR Telecom division will have no fewer than 10,000 employees during this period.

REVIEW REPORT OF THE REVISEUR D'ENTREPRISES AGREE

ON CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS

Introduction

We have reviewed the accompanying condensed consolidated statement of financial position of Altice Luxembourg S.A. as of June 30, 2016, the related condensed consolidated statements of income, other comprehensive income, changes in equity and cash flows for the three and six month periods then ended and the other explanatory notes (collectively, the "Interim Financial Statements"). The Board of Directors is responsible for the preparation and fair presentation of the Interim Financial Statements in accordance with International Accounting Standard 34, *Interim Financial Reporting*, as adopted in the European Union. Our responsibility is to express a conclusion on these Interim Financial Statements based on our review.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, *Review of Interim Financial Information Performed by the Independent Auditor of the entity*. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying Interim Financial Statements are not prepared, in all material respects, in accordance with International Accounting Standard 34, *Interim Financial Reporting*, as adopted in the European Union.
